LB 95, 167

Senator Kahle. (Read title.)

SPEAKER MARVEL: Would you please cooperate with us. We are starting on a rather ambitious program and we do need your cooperation. The noise is so great out there we can't hear what is going on. Would you please help by cutting down on the oratory, or on the discussion? Okay, Senator Kahle. Senator Kahle, it is the A bill now.

SENATOR KAHLE: Mr. Speaker, the A bill that would go along with this, and I said before I am sure it will be held up when it gets to Select File...or to Final Reading, calls for \$2,590,000 this year and a guess of about \$6 million by the end of the third year. And, of course, there is no use to fool yourself when we...if the state takes over this part of the cost, it's going to cost some money. So this is the A bill that to the best of knowledge of the fiscal staff is what it is going to take. So I move the A bill be advanced and hope you will support it too.

SPEAKER MARVEL: The motion is the advancement of 39A. All those in favor vote aye, opposed vote no. We are voting on the A bill. Record the vote.

CLERK: 27 ayes, 4 nays on the advancement of the A bill, Mr. President.

SPEAKER MARVEL: The Clerk will read LB 167.

CLERK: Mr. President, excuse me, if I may, I would like to read in a couple of items. Public Health and Welfare sets hearing for gubernatorial appointments. (See pages 1062 and 1063 of the Journal.) Public Health and Welfare reports LB 95 to General File with amendments. (See page 1062 of the Journal.) (Signed) Senator Cullan as Chair.

Mr. President, LB 167 was a bill introduced by the Revenue Committee and signed by its members. (Read title.) The bill was read on January 14, referred to the Revenue Committee. On February 11 of this year the Legislature considered LB 167 and at that time the committee amendments and an amendment offered by Senator Burrows to the committee amendments was adopted. I now have pending a series of amendments, Mr. President. The first is by Senator Wesely. Senator Wesely moves to amend LB 167 by striking the Burrows amendment and reinstating the 15 percent interest rate.
